

Grants List

2008-2009

“The Tudor Trust is a charitable trust which supports people and organisations working to achieve lasting change in their communities. Our role is to enable their visions, trusting the groups we fund to do the work that is needed.”

The Tudor Trust

Please see our website www.tudortrust.org.uk for more information on our work, and for up-to-date details of the grants we make.

If you would like this grants list in large print, please contact the Information Team on 020 7727 8522.

The Tudor Trust is an independent grant-making trust which supports charities and community groups working across the UK. We do not focus our funding on specific themes or programmes but instead want to support a wide range of people and organisations working to achieve lasting change in their communities. Tudor aims to support work which addresses the social, emotional and financial needs of people at the margins of society, and is interested in how organisations tackle these needs, and their root causes.

Tudor is most interested in helping smaller, under-resourced organisations which offer direct services and which involve the people they work with in their planning. We do not have fixed funding priorities but are looking for a number of key characteristics in the organisations we fund. These include:

- Organisations which are embedded in and have developed out of their community – whether the local area or a ‘community of interest’
- Organisations providing direct services to marginalised people
- A focus on building stronger communities by overcoming isolation and fragmentation and encouraging inclusion, connection and integration
- High levels of user involvement, and an emphasis on self-help where this is appropriate
- Work which addresses complex and multi-stranded, often difficult, problems in unusual or imaginative ways
- Organisations which are thoughtful in their use of resources and which foster community resilience in the face of environmental, economic or social change
- Organisations and people who know what difference they want to make and have the energy and vision to make it happen

We are most likely to fund groups with an annual turnover of less than £1 million.

This grants list details the grants made by the Tudor Trust from April 2008 to March 2009.

Tudor's grant making in 2008-2009

Over the year Tudor funded work which addressed our overarching aim of tackling the social, emotional and financial needs of people on the margins of society in many different ways. Detailed information on our grant making over the year, and how we tried to meet our grant-making objectives and make the best use of our resources, is given in our Annual Report and Accounts 2008-2009. This document can be downloaded from our website www.tudortrust.org.uk or is available on request from our office.

	2009	2008
Number of applications	2,948	3,199
Number of eligible applications	2,619	2,801
Applications presented to committee	354	436
Number of grants made	325	392
Number of loans made	1	2
Total amount committed	£17,812,498	£20,424,500
Average grant	£54,808	£52,103

The 325 grants and one loan we made over the year addressed our ultimate aim of tackling the social, emotional and financial needs of people on the margins of society in many different ways. As we have no set funding priorities the sort of work we support is hugely varied – from an organisation supporting Gypsies and Travellers in Cornwall to a community launderette on an estate in Nottingham; from a self-help project for men in Derry to funding towards a new community building in Easterhouse, Glasgow. There is no common thread in terms of what these organisations do or who they work with – what they share is their energy, their strong foundations in their communities, a focus on inclusion, connection and integration and a clear sense of the difference they want to make.

Our ultimate beneficiaries are of course not the groups we fund, but the thousands of individuals that these groups work with and support. We are constantly aware of this dynamic, and proud to support so many vigorous, responsive and enterprising organisations which are committed to making a real difference to people's lives.

Key

★The CLT Fund

The Community Land Trust (CLT) Fund was launched in September 2008. Tudor worked with the Esmeé Fairbairn Foundation and Venturesome to establish the fund, with the aim of helping to establish new Community Land Trusts and to support the development of affordable housing. Through a Community Land Trust, local people acquire co-operative ownership of land with the intention of creating affordable housing which will benefit the local area and its inhabitants in perpetuity.

Tudor is acting as the administrator for the feasibility and technical assistance components of the Community Land Trust Fund.

For more information on the Community Land Trust Fund see www.tudortrust.org.uk/thecltfund
